INTRODUCTION

Industry, Science and Technology Canada's Directory of Canadian Customs Brokers and Freight Forwarders is designed to serve shippers with little transportation experience as well as knowledgeable traffic managers. Its aim is to inform shippers of the capabilities of the Canadian freight forwarding and customs brokerage industries. Prepared with the co-operation of the Canadian International Freight Forwarders Association (CIFFA), the directory is updated on a regular basis.

The Canadian industry maintains a worldwide network of offices and/or agents who can make arrangements to deliver clients' goods anywhere in the world. It provides clients with access to general or specialized traffic management expertise. Some of the companies listed in this directory offer specialized services for certain world regions, handling different types of commodities, or moving goods efficiently by different modes of transportation. Other companies provide a complete range of freight forwarding services including customs brokerage to facilitate door-to-door deliveries. Companies that are members of CIFFA carry a minimum $100 000 liability insurance to protect shippers against losses caused by the forwarder, and use the association's standard trading conditions or those no less onerous in their contracts with shippers. The communication, distribution and commercial intelligence services offered by this industry are often superior to those available to shippers acting on their own behalf to distribute their goods or clear them through customs authorities.

The directory is divided into five parts.

Part I: Company Profiles, contains a brief description of each company.

Part II: Canadian Offices, lists, by province and city, the addresses of each company's head office and branch offices in Canada.

Part III: Foreign Offices/Agents, identifies forwarders with offices or agents in foreign countries. Forwarders not shown for a specific country can often serve these destinations through other means.

Part IV: Services, describes services provided by a company. Services in this sector have been grouped in four subsections related to Customs Clearing/Advisory, Financial/Documentation, Shipment Handling and Transportation. This section does not identify freight forwarder or customs broker services separately because many firms offer both.

Part V: Addresses, contains the addresses of industry associations.

The publication of company names in this directory does not imply any Government endorsement of their capabilities. It simply reflects services advertised by each company. Information shown was provided voluntarily by the companies for the ISTC Business Opportunities Sourcing System (BOSS).

PART I

THE DOE CO. LTD.

DOE CO. LTD.

BOSS personnel can be of assistance in locating directory listings. Requests can be made by collect telephone call to (613) 954-5031 in Ottawa.
